Mr. Allen Wheeler
Jay Plastics, Inc.
150 East Longview Avenue
Mansfield, Ohio 44903

Dear Mr. Wheeler:

This letter shall serve as follow-up to the inspection conducted on November 30, 2010, of Jay Plastics, Inc. (Jay) by this writer. The purpose of this inspection was to determine the compliance status of all air contaminant emissions units located there.

Based on my discussions, observations during the inspection, and a review of the company's files, our findings are as follows:

1. Jay was notified on December 6, 2010, that it had yet to file a Title V Annual Compliance Certification for calendar year 2009. That report was due in on April 30, 2010. Jay submitted the report on December 7, 2010. The report was reviewed on December 8, 2010. Failure to submit this report is a violation of general term and condition 12.d of the Title V operating permit issued on March 13, 2008; however, the matter has already been resolved. It will be noted that all other deviation reports were submitted on time and this violation did not interfere with Ohio EPA's ability to determine compliance.
2. Aside from the above noted violation, all emissions units at the facility are in compliance with Division of Air Pollution Control requirements.

Please note that the submission of information to respond to this letter does not constitute a waiver of Ohio EPA's authority to seek civil penalties pursuant to ORC section 3704.06. The Ohio EPA will make the decision on whether to pursue or decline to pursue such penalties regarding this matter at a later date.

Thank you for your time the day of the inspection. If the company has any questions and/or comments concerning this letter, please feel free to contact me at the above address, by calling (419) 373-3137 or via e-mail at thomas.cikotte@epa.state.oh.us.

Sincerely,

Thomas C. Cikotte
