Woodville, Ohio 43469

Subject: Resolution to February 1, 2008 and June 12, 2008 Notices of Violation (NOV's)
for Area Rock, LLC (0372000243).

Dear Mr. Bischoff:

This letter shall serve to resolve the Notices of Violation (NOV's) issued to Area Rock, LLC. (Area Rock) on February 1, 2008, and June 12, 2008, for failing to submit deviation reports and not maintaining proper records. A meeting was held with Ms. Ginger Edmonds on July 10, 2008, and at that time all past due deviation reports were submitted along with the inspection records covering the time span of the reports. In addition, according to a response from the company received July 28, 2008, all personnel have been trained on the requirements of the permits and the importance of immediately notifying the right people when visible emissions are observed and applying control measures in a timely manner. All appropriate personnel have also been familiarized with the recordkeeping and information contained in the records so that they will be readily available at all times.

The implementation and submission of the above mentioned items resolves the issues identified in the NOV and no further action is being taken at this time. Please feel free to contact me with any questions and/or comments at (419) 373-4111 or via email melanie.ray@epa.state.oh.us.

Sincerely,

Melanie Ray
Division of Air Pollution Control
