RE: Resolution to Notice of Violation (NOV-HPF) issued to Style Crest Enterprises, Inc.
(0372030210) on August 20, 2007

Dear Mr. Bastidas:

This letter shall serve to resolve the Notice of Violation (NOV) issued to the above referenced facility on August 20, 2007. The letter was issued as a result of an inspection that occurred on August 14, 2007. Following a review of the facility's records at the time of the inspection, it was determined that Style Crest Enterprises, Inc. had failed to perform fugitive visible emissions checks for emissions units P001, P012, P013, P014 and P015 in accordance with permit-to-install (PTI) 03-17237, issued January 25, 2007. Additionally, semi-annual reports were not submitted for the previously identified emissions units according to the PTI, nor were they submitted for R001-R005 in accordance with the facility's Title V permit.

In a letter dated August 29, 2007, the company explained how they've addressed the outstanding compliance issues. The company now utilizes a log for performing daily fugitive emissions observations and has provided training to its employees. The company has also implemented the use of a "Title V Environmental Compliance Calendar" that includes all of the monitoring, recordkeeping and reporting requirements for all of the emissions units, as outlined in the appropriate PTIs and Title V permit. Finally, the company has submitted all of their late reports, with no deviations reported.

At this time, the matters outlined in the August 20, 2007, letter are resolved and require no further action.

Should you have any questions or comments concerning this letter, please feel free to contact me at the above referenced address or call (419) 373-4112.

Sincerely,

Jennifer L. Jolliff
