CERTIFIED MAIL

Mr. Lindon Pierce
Regional Environmental Manager
Carmeuse Lime, Inc. - Maple Grove Operation
1967 W. County Road 42
P. O. Box 708
Bettsville, Ohio 44815

Subject: Notice of Violation (NOV) regarding the installation of the diesel-powered transloader and request for information by July 6, 2009.

Dear Mr. Pierce:

Carmeuse Lime, Inc. (Carmeuse) submitted a Permit To Install application for the initial installation of a diesel-powered lime transloader with baghouse (PTI #P0104549) on February 26, 2009. In the company's application, it was indicated that the source began operating in December 1, 2008. This date was confirmed with the company. The installation and operation of an air contaminant source without first obtaining a PTI is a violation of OAC rule 3745-31-02.

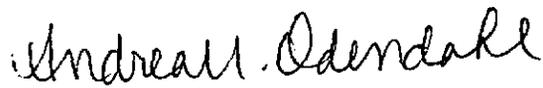

Northwest District Office (NWDO) first contacted the company by email on April 2, 2009, with a request to submit revised potential to emit calculations for the facility roadways and parking areas, emissions unit F001, to determine whether or not the operation of the transloader would result in a modification to the roadways. Revised calculations were submitted on May 12, 2009, but were determined to be inconclusive due to errors. NWDO has not received any additional calculations; however, based on discussions with the company, Carmeuse agreed to submit a permit application to modify the permit for the roadways and parking areas. To date, an application has not been received. Failure to obtain a permit prior to modifying an emissions unit is a violation of OAC rule 3745-31-02 and the company's Title V Permit, issued January 29, 2004.

Mr. Lindon Pierce
June 11, 2009
Page 2

In order for NWDO to continue processing PTI #P0104549, the company must submit a complete PTI application for emissions unit F001, including calculations, an Emissions Activity Category (EAC) Form, and a diagram indicating the location of the facility roadways and parking areas. Please submit the PTI application and supporting documentation electronically through The eBusiness Center by July 6, 2009. If an application for F001 is not received by July 6, 2009, PTI #P0104549 will be returned to the company.

Please be advised that the submission of information to respond to this letter does not constitute a waiver of Ohio EPA's authority to seek civil penalties pursuant to ORC section 3704.06. The Ohio EPA will make the decision on whether to pursue or decline to pursue such penalties regarding this matter at a later date. Should you have any questions and/or comments regarding this letter, please contact Andrea Odendahl of the DAPC, NWDO at (419) 373-3052 or by email at andrea.odendahl@epa.state.oh.us.

Sincerely,

Andrea M. Odendahl
Division of Air Pollution Control
