Re: Resolution to Notice of Violation (non-HPF) issued to PSD Partners LLC (0388010055)
based on November 5, 2008 inspection

Dear Mr. Bishop:

This letter shall serve to resolve the Notice of Violation (NOV) issued to the above referenced facility on November 14, 2008. During the inspection, Ohio EPA's Northwest District Office (NWDO), Division of Air Pollution Control (DAPC) discovered several recordkeeping and reporting violations for emissions units F001 and P001-P004. NWDO also requested that the facility submit emissions calculations for its unpaved roadways and a permit-by-rule (PBR) request for an emergency fire pump.

PSD Partners LLC took action to correct the recordkeeping and reporting violations prior to the inspection, in addition to submitting a permit-to-install and operate application for unpaved roadways and emergency fire pump PBR. The company has addressed the violations outlined in the notice of violation and is now operating its emissions units in compliance with all issued PTIO requirements. Please note, however, that this does not preclude the Director from seeking civil penalties pursuant to ORC section 3704.06 for these violations. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

Should you have any questions or comments regarding this letter, please feel free to contact me at (419)373-4112 or by e-mail at jennifer.jolliff@epa.state.oh.us.

Sincerely,

Jennifer L. Jolliff
Division of Air Pollution Control
