Mr. Bill Alspach, Owner
Bills Collision
583 North Sandusky Street
Tiffin, Ohio 44883

Dear Mr. Alspach:

Thank you for your June 21, 2012, response to Ohio EPA's March 28, 2012, Notice of Violation letter (NOV). Your response included analytical analysis from the sampling of your facility paint booth filters indicating these filters are a non-hazardous waste. Since your filters are nonhazardous, you may dispose of them as solid waste. Your local solid waste department (Ottawa Sandusky Seneca Solid Waste Management District) should be contacted for approval prior to disposal and please note that your local solid waste landfill may ask you to document that the filters are nonhazardous. In addition, you submitted a receipt from the recycling of your shop fluorescent bulbs with Environmental Recycling on May 29, 2012.

My review of this documentation reveals that Bills Collision has adequately demonstrated abatement of the violation discovered during the March 22, 2012, inspection as listed below:

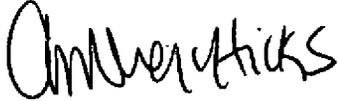

Violation	Date Violation Observed	Date Violation Abated
1. OAC Rule 3745-52-11 Waste Evaluation.	March 22, 2012	A.) March 22, 2012 & June 21, 2012 B.) June 21, 2012

No response to this letter is necessary. Should you have any questions, please feel free to call me at (419) 373-3082 or email me at amber.hicks@epa.ohio.gov.
