The Ohio Environmental Protection Agency (Ohio EPA), Northwest District Office (NWDO), Division of Air Pollution regulates building demolition and asbestos through Ohio Administrative Code (OAC) rule 3745-20. Specifically, OAC Rule 3745-20-03 requires a submittal of a notification to Ohio EPA prior to proceeding with demolition. It is NWDO's understanding that the City of Bowling Green owns the structure located at 962 North Main Street, Bowling Green, Ohio and DiGioia-Suburban Excavating was hired to demolish it.

1. Violation of OAC rule 3745-20-03(A), "Standard for notification prior to demolition or renovation," for failure to postmark or deliver notification of the demolition at least 10 days before beginning any demolition operation.

The City of Bowling Green submitted the Notification of Demolition and Renovation on June 27, 2011.

A fact sheet entitled "Understanding the Asbestos Notification Requirements for Facility Demolition and Renovation Activities." has been enclosed for your review. NWDO is requesting the company submit written response to this letter by August 19, 2011, which includes confirmation of the company's understanding of the notification requirements.

Please be advised that this letter does not constitute a waiver of the Ohio EPA's authority to seek civil penalties pursuant to ORC section 3704.06.
