Mr. Steve Bowling  
St. Josephs Catholic Church - Blakeslee  
05518 State Route 34  
Edon, Ohio 43518

Dear Mr. Bowling:

This letter will confirm removal of the water use advisory required in our letter dated June 22, 2012. This is based on one set of four total coliform negative (safe) samples collected on July 2, 2012.

This office has not received a copy of the public notice, which was issued. Send a copy of the public notice along with the verification form to the Ohio EPA, 347 North Dunbridge Road, Bowling Green, OH 43402 by July 23, 2012.

When a public water system monitoring with fewer than five routine samples per month has one or more total coliform-positive samples, the public water system shall monitor with at least five samples during the next month that the system provides water to the public. It is the responsibility of the water system to collect five samples during the month of July 2012.

Yours truly,

Jill A. Schiefer  
Division of Drinking and Ground Waters
