Re: 16270 CR 8, Montpelier  
Williams County  
Open Dumping – Case #11-22

July 25, 2011

Mr. Dustin Schlachter  
S&S Directional Boring  
1116 County Road 17  
Bryan, Ohio 43506

Dear Mr. Schlachter:

On July 13, 2011, the Ohio Environmental Protection Agency (Ohio EPA), Northwest District Office (NWDO) conducted an inspection of the property that is owned by Schlachter Investments LLC, at 16270 County Road 8, Montpelier, Ohio, Williams County (Site). You were present at the time of the inspection and I represented Ohio EPA. The Site is identified as Parcel # 093-280-09-014.001 by the Williams County Auditor. The purpose of the inspection was to follow-up on the cleanup activities that you have initiated at the Site and to witness a test pit being dug to confirm no additional solid waste or construction and demolition debris (C&DD) has been buried at the Site.

You provided paperwork from Defiance County Landfill and Williams County Landfill showing that eight (8) loads of solid waste and C&DD had been removed from the property. 48.48 tons of C&DD and 9.58 tons of solid waste was removed and properly disposed of. Furthermore, the test pit dug at the Site revealed no additional solid waste or C&DD buried at the Site. As of July 13, 2011, Ohio EPA will consider Case #11-22 closed. Ohio EPA appreciates your cooperation in removing 58.06 tons of material from your property. Please find attached to this letter pictures from the date of this inspection.

This correspondence addressed specific observations only for the areas of the property that were inspected. Nothing present in, nor absent from this correspondence is intended to mean that no violations existed at the property at the time of inspection.

Compliance with the requirements outlined in this letter, or the solid and infectious waste provisions contained in the Ohio Revised Code Chapter 3734 and the rules promulgated thereunder, does not relieve you from your obligations to comply with other applicable state and federal laws and regulations.

Sincerely,

Jeremy Scoles, RS  
Environmental Specialist II  
Division Materials and Waste Management
