Re: Ashland County  
Judson Hills Camp  
NPDES Permit

August 24, 2007

Mr. J. Jeff Warren  
445 Avon Belden Road, B1  
Avon Lake, Ohio 44012

Dear Mr. Warren:

On August 9, 2007, an inspection was conducted of the wastewater treatment facilities serving the former Judson Hills Camp located at 3298 Hanover Township Road 629, Loudonville, Ashland County. At the time of the inspection the plant was running. It was noticed that no chlorine tablets were present in the tablet feeder. Disinfection of the effluent is required May through October.

On November 30, 2006, our office received a letter from you stating that you had recently purchased the former camp. Your plans at that time were to renovate the old farm house and conference center into a vacation home for your family. You also mentioned the possibility of selling the motel, cabins, and swimming pool. We request that you please provide our agency with an update of your plans for the site.

The National Pollutant Discharge Elimination System (NPDES) permit that authorizes the discharge from the waste treatment plant is still under Ms. Sally Kral's name. It will be necessary to transfer the permit into your name. I have enclosed a transfer application form. Please fill out the form and return to our office no later than **60 days** from the date of this letter.

If you have any questions please call me at 419-373-3070.

Sincerely,

Walter Ariss  
Environmental Specialist II  
Division of Surface Water
