**RE: Notice of Violation of Order 3 of April 2, 2009 Findings and Orders**

Dear Mr. Foreman:

Ohio EPA has reviewed the chemical analysis of the combined industrial waste stream submitted May 1, 2009 per Order 3 of the April 2, 2009 Findings and Orders. The submittal did not include analysis data for acetone, 1,2-dibromo-3-chloropropane, and sulfate as SO<sub>4</sub>. Progressive Foam is in violation of Order 3 due to failure to submit the chemical analysis data of the combined industrial waste stream for these three constituents. To return to compliance, Progressive Foam shall submit chemical analysis data of the combined industrial waste stream for the constituents acetone, 1,2-dibromo-3-chloropropane, and sulfate as SO<sub>4</sub> within 30 days of receiving this communication.
