RE: Notice of Violation
Auglaize County
Easy Campground
Ohio EPA Permit No. 2PR00178
NPDES Permit No. OH0130664

October 5, 2010

Mr. Todd Smith
Easy Campground
14338 Townline-Kossuth Road
St. Marys, OH 45885

Dear Mr. Smith:

This letter serves as a notice of violation to inform you that we are missing the discharge monitoring reports listed on the attached sheet of paper. As a reminder hard copy self-monitoring report submissions are due on the 15th day of the following month and electronic submissions are due on the 20th day of the following month.

We are now aware of the issues you have had with your contract laboratory regarding your wastewater treatment plant's effluent sampling and reporting. It is our understanding that these issues have been resolved and we expect that as of the date of this letter you will be submitting your completed monthly reports in a timely manner.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General conditions of your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets or U. S. EPA's "*Facility Pollution Prevention Guide*" (EPA/600/R-92.008), please contact the Ohio EPA Pollution Prevention Section at (614)644-3469.

If there are any questions, please contact me at (419) 373-3022.

Sincerely,

Justin A. Williams
