Re: Notice of Violation
Auglaize County
Koneta, Inc.
Ohio EPA Permit No. 2IN00212
NPDES Permit No. OH0136026

February 27, 2008

Mr. David Seffernick
Plant Superintendent
Koneta, Inc.
P.O. Box 150
Wapakoneta, Ohio 45895

Dear Mr. Seffernick:

We are in receipt of your self-monitoring report covering the months of October 2007, through December 2007, for the referenced facility. Our review indicates a violation of the conditions of your NPDES permit. The specific instances of noncompliance are attached on a separate sheet.

As a reminder of the NPDES sampling periods, week one is days 1-7, week two is days 8 -14, week three is days 15-21, and week four is days 22-28. Days 29, 30, and 31 are not counted in the weekly sampling period. No further response is needed for this letter.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General conditions of your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets or U. S. EPA's "*Facility Pollution Prevention Guide*" (EPA/600/R-92.008), please contact the Ohio EPA Pollution Prevention Section at (614) 644-3469.

Mr. David Seffernick
