RE: Medina County
The Boehm Pressed Steel Co.
NPDES Permit No. OHR000004
Ohio EPA Permit No. 3GR01156*DG
Industrial Storm Water Inspection

Mr. Robert J. Boehm, President
The Boehm Pressed Steel Co.
5440 Wegman Drive
Valley City, OH 44280

Dear Mr. Boehm:

On September 22, 2010, Ohio EPA conducted an inspection of the Boehm Pressed Steel Co., located at 5440 Wegman Drive, Valley City, Medina County (site). During the inspection, I was accompanied by you; Bill Reis, Executive Vice President; Jim McFadden, Manufacturing Manager; and Don Staley, Purchasing Manager. Ohio EPA records indicate that the site is covered by General National Pollutant Discharge Elimination System Permit for Storm Water Associated with Industrial Activity (General Storm Water Permit), permit No. 3GR01156*DG.

The storm water inspection documented that the violations detailed within Ohio EPA's September 14, 2009 notice of violation appear to have been addressed. In addition, the site now appears to be eligible for an "industrial no exposure certification" if the lid serving the solid waste dumpster will remain closed. In order to qualify for the "industrial no exposure certification," please review U.S. EPA's "Guidance Manual for Conditional Exclusion from Stormwater Permitting Based on No Exposure of Industrial Activities to Stormwater" to verify that the site is eligible. For your convenience, this document can be located from the following Web site:

http://cfpub.epa.gov/npdes/stormwater/exposure.cfm?program_id'6

If the site does qualify for the "industrial no exposure certification," Ohio EPA utilizes U.S. EPA's "NPDES Form 3510-11: No Exposure Certification for Exclusion from NPDES Stormwater Permitting," which is also available at the above Web site. The "industrial no exposure certification" must be completed in accordance with the instructions and submitted to Ohio EPA at the following address:
