RE: MEDINA COUNTY
JACOBSON MFG, LLC
NPDES PERMIT NO. OHR000004
OHIO EPA PERMIT NO. 3GR00849*DG
INDUSTRIAL STORM WATER INSPECTION

Mr. Gary Gray
Environmental, Health, and Safety Manager
Jacobson Mfg, LLC
941 Lake Road
Medina, OH 44256

Dear Mr. Gray:

On September 28, 2010, Ohio EPA conducted an inspection of Jacobson Mfg, LLC, located at 955 Lake Road, City of Medina, Medina County (facility). During the inspection, I was accompanied by you. Ohio EPA records indicate that the facility is covered by General National Pollutant Discharge Elimination System Permit for Storm Water Associated with Industrial Activity (General Storm Water Permit), permit No. 3GR00849*DG.

The storm water inspection documented the following activities:

- The facility manufactures steel fasteners, nuts, and bolts under standard industrial classification code 3452;
- Annual comprehensive site compliance evaluations are conducted in November;
- Parts are cleaned in caustic that is collected in one fifty-five gallon drum that is disposed of by the facility's contractor every three to four months. Manifest records are currently being maintained by the facility;
- Sanitary wash waters and rinse waters are disposed of by the facility's contractor. Manifest records are currently being maintained by the facility; and
- The chemical process technician performs weekly storm water inspections.

The facility appears to be in compliance with the General Storm Water Permit. Should you have any questions regarding this matter, please contact me at your earliest convenience at (330) 963-1118 or via e-mail at chris.moody@epa.state.oh.us.

Sincerely,

Chris Moody
