Dear Mr. Ortego:

On June 9, 2010 this writer sent you a letter detailing an inspection made on June 8, 2010. Your company has an effective general stormwater permit which required a Stormwater Pollution Prevention Plan (SWPPP). During the inspection, you could not locate the SWPPP and you were given until August 31, 2010 to submit it to this office. As pointed out in the June 9, 2010 letter, the SWPPP was required within 6 months of receiving the general permit. The issue date was August 15, 2006. It was therefore required on or about February 15, 2007. Your company is in non-compliance with this permit. If we do not receive the SWPPP by November 22, 2010, Country Pure Foods will be required to obtain an individual stormwater permit and will no longer be eligible for general permit coverage.

If you should have any questions concerning this letter, feel free to contact this writer at (330) 963-1136 or by e-mail phil.rhodes@epa.state.oh.us.

Sincerely,

Philip P. Rhodes, P.E.
