RE: Notice of Violation
Auglaize County
T.A. Travel Center of America – Wapakoneta
Ohio EPA Permit No. 2IN00039
NPDES Permit No. OH0038113

June 20, 2008

Mr. Tom Panos
Manager
T.A. Travel Center of America - Wapakoneta
P.O. Box 38
Wapakoneta, OH 45895

Dear Mr. Panos:

This letter serves as a notice of violation to inform you that we are missing the monthly operating report listed on the attached sheet of paper. As a reminder hard copy self-monitoring report submissions are due on the 15th day of the following month and electronic submissions are due on the 20th day of the following month. Submit your February 2008 report **within 10 days** of the date of this letter. If you are having SWIMware issues, we recommend that you submit your data by hardcopy or sign up for our new e-DMR program. Information about the new e-DMR program is available online at:

<http://www.epa.state.oh.us/dsw/swims/eDMR/eDMR.html>

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General conditions of your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets or U. S. EPA's "Facility Pollution Prevention Guide" (EPA/600/R-92.008), please contact the Ohio EPA Pollution Prevention Section at (614)644-3469.

If there are any questions, please contact me at (419) 373 – 3022.

Sincerely,

Justin A. Williams
