John Reese, VP of EHS
ASHTA Chemicals, Inc.
3509 Middle Road
Ashtabula, OH 44005

Dear Mr. Reese:

On June 4, 2008, a site inspection was performed at the facility. During the inspection, no issues were noted. A review of your monthly monitoring reports for June 1, 2006 through June 1, 2008, show only a few violations in 2006 with respect to limits and frequency.

Given the above, ASHTA is considered to be in substantial compliance with the above permit.

If you have any questions, feel free to contact me at (330) 963-1180.

Sincerely,

Virginia Wilson, P.E.
Geological Engineer
Division of Surface Water
