RE: WYETH  
(FORMERLY EKCO & WORLD KITCHEN)  
3IC00009\*ED  
STARK COUNTY

*Formerly Ekco*

Mr. Steven Tasher  
Vice President  
Wyeth Law Department Fl. 2A  
5 Giralda Farms  
Madison, NJ 07940

Dear Mr. Tasher:

On June 13, 2007, this writer conducted an inspection of the treatment works and discharge at what is now referred to Wyeth. The treatment works are located at 359 State Ave in Massillon, Ohio, Stark County. The site was formerly known as Ekco Manufacturing of Ohio and later as World Kitchen. These manufacturing operations have ceased, and there are no associated discharges except for the air stripper.

On the day of the inspection the air stripper was in operation and producing an effluent stream to Newman Creek. At the time of the inspection there were no visual problems associated with the discharge. A review of the compliance history for National Pollutant Discharge Elimination System (NPDES) permit 3IC00009\*ED for the time period of February 2005 through April 2007 indicates the following violations:

**Numeric Violations**

Station	Parameter	Limit Type	Limit	Reported Value	Violation Date
001	Oil and Grease, Total	1D Conc	20	47.	2/17/2005
001	Oil and Grease, Total	30D Conc	15	47.	2/1/2005
001	Oil and Grease, Total	1D Qty	65.4	119.189	2/17/2005
001	Oil and Grease, Total	30D Qty	49.1	119.189	2/1/2005

If you should have any questions concerning the above, feel free to contact this writer at (330) 963-1136.

Sincerely,

Philip P. Rhodes, P. E.  
Environmental Engineer  
Division of Surface Water
