**Re: Notice of Violation of the 2006 Hazardous Waste Annual Report Requirement
Schwarzkopf & Henkel - OHR000130146, OHR000133454**

Dear Mr. Canales:

The Division of Hazardous Waste Management has received your 2006 Hazardous Waste Annual Reports on March 2, 2007. My review of these reports shows that they are not complete. Ohio Administrative Code (OAC) Rule 3745-52-41 requires a generator who ships any hazardous waste off-site to prepare and submit to Ohio EPA a Hazardous Waste Annual Report and to describe the type and amounts of waste generated and shipped off-site in the previous calendar year. Because your submittal does not contain data required by the rule, you are in violation. Please see the reverse side of this letter for the specific information that is missing from your reports.

To abate the violations of OAC Rule 3745-52-41, you must follow the instructions pertaining to your particular violations within 30 days of receipt of this letter. You should have on file the manifest records necessary for completion of the reports. OAC Rule 3745-52-40 requires generators to keep a signed copy of each manifest for a period of at least three years from the date the waste was accepted by the initial transporter. I will send a letter acknowledging receipt of the amendment after I review and process it. DHWM recommends using the free software to complete the reports to reduce the occurrence of errors in the data submitted. If you have questions concerning the annual report requirements, you can reach me at (614) 644-2954 or tammy.heffelfinger@epa.state.oh.us.

Sincerely,

Tammy Heffelfinger
