RE: STARK COUNTY
SKYLAND HILLS MHP
NPDES #3PG00149

Mr. Michael Armogida, Director
Stark County Sanitary Engineer
1701 Mahoning Road NE
Canton, OH 44705

Dear Mr. Armogida:

A compliance evaluation inspection (CEI) of the sewage treatment plant serving the Skyland Hills Mobile Home Park was conducted by this writer on December 17, 2008. Also present during the inspection was Gary Schmucker, Wastewater Treatment Plant Operator, Stark County Sanitary Engineers.

The mixed liquor in the aeration tank had a very good color and the clarifier was producing a clear effluent. Polymer is being added at the end of the aeration. Three surface sand filter beds were covered with solids; the remaining three were in good condition.

No solids were noted in the chlorine contact tank and the system was producing an effluent that appeared to be of exceptional quality.

A review of your Discharge Monitoring Reports (DMRs) covering the period October 2007 through November 2008 revealed the following effluent violations:

Reporting Period	Station	Parameter	Limit Type	Limit	Reported Value	Violation Date
February 2008	001	Total Suspended Solids	7D Qty	1.7	2.19833	2/1/2008
March 2008	001	Total Suspended Solids	7D Qty	1.7	2.47388	3/1/2008
March 2008	001	CBOD 5 day	30D Qty	0.95	1.39969	3/1/2008
March 2008	001	CBOD 5 day	7D Qty	1.42	5.59877	3/1/2008

Overall, the results of the inspection were satisfactory. Should you have any questions or comments regarding this letter, please feel free to contact this office at (330) 963-1197.

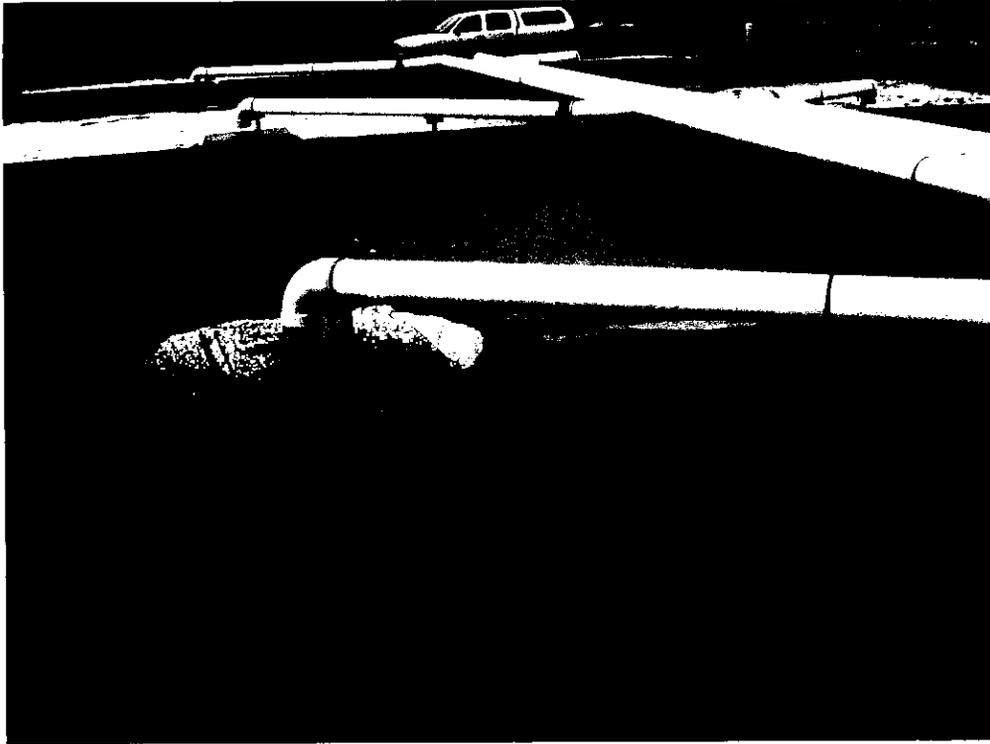

Sincerely,

Dean W. Stoll, P.E.
Environmental Engineer
Division of Surface Water
