Re: Henry County
Holgate WWTP
NPDES Permit

May 8, 2008

Mayor and Council
Village of Holgate
327 Railway Avenue
P.O. Box 217
Holgate, Ohio 43527

Dear Mayor and Council:

On April 10, 2008, Tanushree Courlas conducted an inspection of the Holgate Wastewater Treatment Plant. Mr. Clare Shufelt was present and provided operation and maintenance information. The inspection included a tour of the wastewater treatment facility.

During our visit, there was a clear discharge to Brinkman Ditch. No samples were taken to verify compliance with permit limits. This is a controlled discharge lagoon system with seven wind mills to provide additional aeration. To reduce the sludge in the lagoons, you have contracted Industrial Fluid Management (IFM) to evaluate and remediate the sludge. No sludge has been removed from the lagoons since they were placed in operation. Mr. Shufelt stated that the rock filter has been taken off line and he is in the process of filling in the area with clean fill.

Since the last permit issuance, there have not been any significant permit exceedences; however, there have been numerous frequency violations. **Please discuss these violations with Mr. Shufelt and respond in writing within 30 days of the date on this letter.**

If you have any questions, please call Tanushree (Nush) Courlas at (419) 373-3053.

Yours truly,

Allen L. Rupp P.E.
District Engineer/Section Manager
Division of Surface Water
