**Re: Return to Compliance - 2006 Hazardous Waste Annual Report Requirement  
Techcenter/South – OHT400010815**

Dear Mr. Foley:

I am writing to notify you that on November 8, 2007, Ohio EPA received the 2006 Hazardous Waste Annual Report for Techcenter/South. The report was requested in a letter from me dated October 3, 2007, and was submitted electronically by Lisa Siembida of Pandey Environmental. The report has been processed and entered into Ohio EPA's Annual Report database. The violation has been abated.

I also received a letter from Lisa providing additional information and copies of the manifests. Lisa stated that the correct unit of measure was tons and not cubic yards on manifest MI10081247. I will ask MI DEQ to correct their database. Two manifests were not in the printout I had attached to the Notice of Violation letter, and research shows that the ID numbers were not correct in MI DEQ's database but have since been corrected.

Please note that Michigan Disposal was not listed on the Form GM and Form OI as a receiver. Because the manifest copies were included, I was able to add the information and copies of the forms as they now appear in Ohio EPA's database are enclosed. I also added S & C Transport as a transporter from manifest 001901270JJJ.

I suggest that you file this letter with the facility's Annual Report records in case there are any questions during an inspection. If you have any questions, please call me at 614-644-2923 or send an e-mail to [paula.canter@epa.state.oh.us](mailto:paula.canter@epa.state.oh.us).

Sincerely,
