Mr. Kenneth L Humphrey
Director of Environmental Affairs
Envirosafe Services of Ohio, Inc.
876 Otter Creek Road
Oregon, Ohio 43616

Dear Mr. Humphrey:

On August 6, 2009, I conducted an inspection of the wastewater discharges from your facility's locations at Otter Creek Road and Wynn Road. Ms. Sue Richards was present and provided information regarding the discharges.

None of the outfalls were discharging during the inspection. It was indicated that outfall 005, at Wynn Road landfarm, has not discharged for a period of time since the sedimentation pond contents are pumped out and used in processes at the main landfill facility.

The facility's permit renewal application appears complete and the renewal process will proceed soon. If you have any questions, please contact me at naajy.abdullah@epa.state.oh.us or (419) 373-3017.

Sincerely,

Naajy Abdullah, P.E.
