NPDES Permit

November 25, 2009

Mr. Phil Stephenson
Star Lanes
1754 Marion-Marysville Road
Marion, Ohio 43302

Dear Mr. Stephenson:

This will acknowledge our November 10, 2009, compliance inspection at your facility. This facility is located on the east side of Marion-Marysville Road. This inspection was conducted as part of your facility's National Pollutant Discharge Elimination System (NPDES) permit No. 2PR00194.

At the time of the inspection, this facility was still closed for business and the sewage treatment system was shut down. Please note that your existing NPDES permit expired on August 31, 2008. Because there is no activity at this site and you have failed to renew your permit, we will recommend that the Director remove your permit from active status. If you plan to reopen this business in the future and/or receive authorization to discharge again, you **MUST** submit an NPDES permit application to our office prior to reopening.

If you have any questions or comments, please call me at 419-373-3021.

Sincerely,

Jason Ko
Division of Surface Water
