Re: **Complaint Investigation – Illegal Disposal of C&DD – Circleville, Ohio**

Dear Mr. Gillum:

As we discussed over the phone the afternoon of April 27, 2012, the Ohio EPA investigated a complaint that the property you own on the north side of Island Road across from the Pickaway County Jail is being used to dispose of construction and demolition debris. During the morning of April 27, 2012, I investigated this complaint. The majority of this property is being used for the disposal of clean fill material, which is acceptable under Ohio EPA regulations. However, in the far southwest corner of this property some illegal disposal of construction and demolition debris has also been taking place (see attached photos).

The disposal of the construction and demolition debris at this site is a violation of OAC Rule 3745-400-04(B) which states, "No person shall conduct or allow the illegal disposal of construction and demolition debris, as defined in Rule 3745-400-01 of the Administrative Code." Please take the necessary steps to remove and dispose of this debris at either a licensed solid waste landfill or a licensed construction and demolition debris landfill. You should keep copies of the disposal receipts as your proof of proper disposal.

If you have any questions regarding this matter, please feel free to contact me by telephone at (614) 728-3890 or by email at phil.farnlacher@epa.state.oh.us.

Sincerely,

Phil Farnlacher
Division of Materials and Waste Management
