Ashtabula, OH 44005

Dear Mr. Zundel:

I have received your e-mail response dated January 15, 2009. This responded to the last remaining issue found during my September 23, 2008 inspection of Iten, Plant 1, located at 4001 Benefit Avenue in Ashtabula, Ohio. You have resolved that issue as outlined below:

3. OAC rule 3745-52-20(A) – Completion of manifests.  
Your recent e-mail explains that the waste shipped using hazardous waste manifest 003152341 JJK was not actually a hazardous waste. Therefore, this rule does not apply and, therefore, Iten did not violate it.

You can find copies of the regulations and other information on the Division of Hazardous Waste Management web page at: <http://www.epa.state.oh.us/dhwm/>.

If you have any questions, please contact me at (330) 963-1217, or [robert.almquist@epa.state.oh.us](mailto:robert.almquist@epa.state.oh.us).

Sincerely,

Robert Almquist  
Division of Hazardous Waste Management
