Re: Allen County
City of Lima Utilities Department
Sewer Extension
Construction
Storm Water

June 29, 2011

Mr. Bill Degen
Degen Excavating
1920 Bible Road
Lima, Ohio 45801

Dear Mr. Degen:

On May 18, 2011, Judson Delancey and I inspected the City of Lima Utilities Department Sewer Extension on Reservoir Road from Mamugh Road to South Cool Road, Bath Township. The purpose of our visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID No. 2GC01461*AG. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees for this site.

It appears that the project on Reservoir Road is complete. A Notice of Termination **must be filed** to relieve you of the obligation to comply with this general permit. An NOT may be filed if one or more of the following conditions have been met:

1. Final stabilization has been established on all areas of the site for which the permittees are responsible. Final stabilization means that all soil disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed, properly disposed of, and all trapped sediment has been permanently stabilized
2. Another operator(s) has assumed control over all areas of the site that have not been fully stabilized.

Your site does not yet appear to meet all of the conditions mentioned above. While the site had been seeded and grass was growing over a good portion of it, there remained a few areas where the grass cover had not yet reached a 70% density. Once you meet this criteria and met the permit conditions for post construction storm water management, please file the NOT form. The NOT form and instructions can be found on our website:

<http://www.epa.ohio.gov/dsw/storm/stormform.aspx>.

Mr. Bill Degen

Page Two

NOTs must be filed with Ohio EPA's Central Office within 45 days of when the above criteria are met.

If there are any questions, please contact me at (419) 373-3006.

Sincerely,

Brian McGlown
Division of Surface Water
