RE: LORAIN COUNTY
HEIDER DITCH WATERSHED
CITY OF AVON
CITY CENTRE OF AVON PH 3

Mr. Greg Romes
Lake Pointe Construction
36368 Detroit Rd.
Avon, OH 44011

Dear Mr. Romes:

On December 2, 2009, Ohio EPA conducted an inspection of the City Centre of Avon construction project to determine compliance with storm water regulations. During my inspection, it came to my attention that Lake Pointe Construction is no longer involved with the City Centre of Avon project. As such, it appears that Lake Pointe Construction no longer requires coverage under the Ohio EPA General Storm Water National Pollutant Discharge Elimination System (NPDES) Permit for Construction Activities #OHC000002.

Whereas Ohio EPA records show that NPDES permits associated with Phase 1 and Phase 2 of the City Centre of Avon project have been transferred from Lake Pointe Construction to Deville Developments, our records currently show that Lake Pointe Construction holds the NPDES permit for Phase 3 of the City Centre of Avon project (facility ID #3GC02956*AG). If you are no longer the operator of construction activities associated with Phase 3, NPDES permit coverage must be terminated. To terminate NPDES permit coverage, please complete and submit the enclosed Notice of Termination (NOT). The form must be submitted to the address contained on the enclosed instruction form. There is no fee to terminate NPDES permit coverage.

Your prompt attention to this matter is appreciated. If you have any questions, please contact me at (330) 963-1145.

Sincerely,

Dan Bogoevski
District Engineer
Division of Surface Water
