**PROJECT ID: CL 12 252  
NOTICE OF VIOLATION: NESHAP Violation**

Dear Mr. Spiker:

On December 7, 2011, the Cleveland Division of Air Quality (CDAQ) inspected an asbestos removal/renovation project located at 14618-14820 Puritas Avenue in Cleveland. This letter serves as notification that you are in violation of the following applicable air statutes, air regulations, or air permit conditions.

Asbestos removal projects are subject to compliance with the Asbestos National Emission Standard for Hazardous Air Pollutants (NESHAP), Title 40 Code of Federal Regulations (CFR) Part 61 Subpart M, the Ohio Administrative Code (OAC) Rule 3745-20, and the Ohio Revised Code Chapter 3704.05(G).

The abatement project at 14618-14620 Puritas Avenue violated 40 CFR Part 61.145(b)(3)(iv)(A), and OAC Rule 3745-20-03(A)(3)(d)(i) for failing to provide CDAQ a written notice of the new start date no later than the original start date.

Unless you undertake some type of corrective action with respect to the above noted violations, you will remain in non-compliance. CDAQ requests that GCS Industrial Services, Ltd. submit a revised notification to reflect the days the abatement will occur and a corrective action plan outlining what steps will be taken in the future to avoid the violation that is above noted to the following enforcement representative:

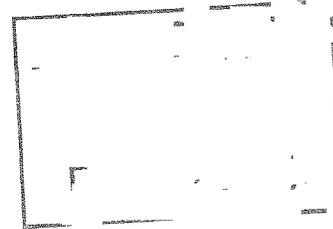

Bryan Sokolowski

RE: Project: CL 12 252 – Hawk's Nest Landing

GCS Industrial Services, Ltd. would like to appologize for not revising the start date of the above project when it became known that the proeject start date of 12/6/11 would be pushed to a later date. When GC S was notified of the violation a revision was faxed and mailed on 12/8/2011 placing the project on "hold" until a start date could be confirmed. On 12/19/11 GCS again revised the notification to start that day (a copy was faxed and then put in the mail.) When GCS arrived on the site the morning of 12/19/11 the General Contractor was not ready for the abatement to start. GCS returned to the warehouse/office and revised the notice again placing it back on hold pending a new start date and once again the notice was faxed then put in the mail.

We have instituted a daily notifications checklist to hopefully eliminate this happening again in the future and aid in remaining in compliance with the NESHAP and OAC Standards (in particular: 40CFRpart 61.145(b)(3)(iv)(A) and OAC Rul3 3745-20-03-(A)(d)(i) failing to provide written notice of project dates.

Enclosed are copies the initial, 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> revisions to the notification.

Sincerely,

Gary Spiker, President  
GCS INDUSTRIAL SERVICES, LTD.

Enc.

NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Spiker:

On December 12, 2011, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation for 14618-14620 Puritas Avenue requiring GCS Industrial Services, Ltd. (GCS Industrial) to submit a revised notification and a corrective action plan outlining what steps will be taken in the future to avoid the violation. CDAQ received a corrective action plan dated December 23, 2011. GCS Industrial's corrective action plan included a copy of the revised notifications submitted, and stated that daily checklists will be utilized to limit violations in the future.

The corrective action plan was received in a timely manner and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Bryan Sokolowski at (216) 420-7663. All correspondence with CDAQ must include the Ohio EPA project identification number: CL 12 252.

Sincerely,

A handwritten signature in black ink that reads "Linda Kimmy".

Your written response to this letter must be received by CDAQ within fourteen (14) days of your receipt of this letter. If there is insufficient time to correct the alleged violations within this timeframe, your response must include a timeline for correcting the alleged violations.

Violations of Ohio air pollution laws and /or permit terms and conditions are subject to the penalties stipulated in Ohio Revised Code Section 3704.99(A), which allows fines of not more than twenty-five thousand dollars or imprisonment for not more than one year, or both, for each violation.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Bryan Sokolowski at (216) 420-7663. All correspondence with CDAQ must include the Ohio EPA project identification number: CL 12 252.

Sincerely,

A handwritten signature in black ink that reads 'Linda Kimmy'.
