LETTER OF WARNING/LETTER OF WARNING FOLLOW-UP LETTER**

Dear Mr. Bogan:

The Cleveland Division of Air Quality (CDAQ) inspected the asbestos project located at 1450 East 109th Street in Cleveland, Ohio. This letter serves as notification that you have operated sources in violation of the following applicable air statutes, air regulations, or air permit conditions.

The asbestos removal project violated 40 Code of Federal Regulations Part 61.145(b)(4)(viii) and Ohio Administrative Code Rule 3745-20-03(A)(4)(i) by failing to provide a correct scheduled starting date for asbestos removal work. [Observed on December 1, 2011]

CDAQ is in receipt of a revised Notification of Demolition and Renovation submitted on December 1, 2011, from Aero Abatement that provides the correct scheduled starting date for asbestos removal.

The corrective action plan was received in a timely manner and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Mike Samec at 216-420-7682. All correspondence with CDAQ must include the Ohio EPA identification number CL 12 144.

Sincerely,

Linda Kimmy
Field Enforcement Manager, CDAQ
