RE: STARK COUNTY  
CITY OF ALLIANCE  
BEECHWOOD AVENUE PROPERTY  
CONSTRUCTION STORM WATER

Gene Stancak  
Adam Building Company  
447 Renaissance Parkway  
Warrensville Heights, OH 44128

Dear Mr. Stancak:

On July 12, 2011, I, along with Julie Berbari of the Stark Soil & Water Conservation District (SWCD), performed an inspection at the above-referenced site to determine compliance with the Ohio EPA General Storm Water National Pollutant Discharge Elimination System (NPDES) Permit for Construction Activities #3GC05135\*AG. Our records indicate that Adam Building Company was granted coverage under the NPDES permit on October 7, 2010.

The estimated start date for this project is listed as September 27, 2010, but it appears that construction has not yet started on the project. Please provide me with an indication of your expected construction start date and a copy of the Storm Water Pollution Prevention Plan (SWP3) for the site. Prior to commencing construction activities at the site, please contact Stark SWCD to arrange a pre-construction meeting to discuss SWP3 implementation and the intended construction sequence.

If you have any questions regarding this matter, please contact me at your earliest convenience at (330) 963-1128.

Sincerely,

Michelle Hummel  
Assistant to the District Engineer  
Division of Surface Water
