Dear Mr. Bailey:

On October 6, 2009 this office performed a compliance inspection of storm water best management practices (BMPs) at the above referenced site. Our records indicate that this site is covered by Ohio EPA General Storm Water Permit for Construction Activities # 3GC04474\*AG.

The inspection revealed that construction at this site has not been initiated.

Please provide this office with a revised proposed project start date and estimated completion date.

If this project is no longer to be constructed, the permit may be terminated by filing the enclosed Notice of Termination (NOT).

Should you have any questions, please contact me at (330) 963-1117.

Sincerely,
