RE: HANOVER MARINE OHD 980 999 890 LAKE COUNTY, RETURN TO COMPLIANCE

Dear Mr. Matuska:

Thank you for submitting copies of waste disposal manifests for the remaining waste materials identified in Ohio EPA's September 2, 2011 Notice of Violation and during Ohio EPA's April 3, 2012 site visit. The manifests were received on October 21, 2011, April 5, 2012, and August 21, 2012.

Ohio EPA has reviewed the manifests and determined that Hanover Marine has adequately addressed the outstanding violation cited in the NOV:

**1. Hazardous Waste Determination
OAC 3745-52-11**

It is also sufficient to address the concern in the NOV regarding the additional drums of material that were found during the September 2, 2011 site visit.

Failure to list specific deficiencies in this communication does not relieve Hanover Marine from the responsibility of complying with all applicable Ohio EPA laws and regulations. Please be advised that present or past instances of non-compliance can continue as subjects of pending or future enforcement actions.

Please feel free to contact me at (330) 963-1170 or Frank Popotnik at (330) 963-1198 if you have any questions.

Sincerely,

Edward J. D'Amato
Environmental Specialist
