Re: Fulton County
Waterwood Farms Plat 2 & 3
Construction
Storm Water

July 9, 2009

Woodsage Development Corp
Mr. James Cannaley
P.O. Box 1040
Holland, Ohio 43528

Dear Mr. Cannaley:

On June 29, 2009, I inspected Waterwood Farms Plat 2 and 3, southwest of State Route 64, in Swanton. The purpose of my visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity (Construction General Permit), Facility ID No. 2GC00292. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees for this site.

As a result of the inspection, I have the following comments:

- At the time of inspection, the roads, curbs, storm sewer, and water lines were installed. Nine homes had been built. All lots were stabilized.

At this time the site appears to be in compliance with the permit. If there are any questions, please contact me at (419) 373-3006.

Sincerely,

Danielle Meienburg
Division of Surface Water
Storm Water Program
