Re: **Fulton County  
Worthington Steel Delta Plant  
Construction  
Storm Water**

July 10, 2009

Mr. Kevin McDonald  
McDonalds Design and Build Inc  
101 Clinton Street  
Suite 2200  
Defiance, Ohio 43512

Dear Mr. McDonald:

On June 29, 2009, I inspected Worthington Steel Delta Plant at 6303 County Road 10, in York Township. The purpose of my visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID No. 2GC01908. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees for this site.

As a result of the inspection, I have the following comments:

- At the time of inspection, there was some seeding around the building done. Work was being done on the interior of the addition. There was very little ground disturbance.

At this time the site appears to be in compliance with the permit. If there are any questions, please contact me at (419) 373-3006.

Sincerely,

Danielle Meienburg  
Division of Surface Water  
Storm Water Program
