Dear Sirs:

On March 30, 2011, I performed an inspection of the Deshler WTP construction site, located at 935 West Main Street in Deshler, Ohio. The purpose of this visit was to evaluate compliance of the site with the construction general permit (CGP). The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that you are eligible to terminate this NPDES permit.

Construction activities have been completed with final stabilization achieved on all portions of this site. The CGP requires that a Notice of Termination (NOT) be filed to relieve you of the obligation to comply with the terms and conditions of this general permit including regular inspections of the site. I am enclosing an NOT form and instructions for your convenience.

Please submit this form to:

Ohio Environmental Protection Agency  
General Permit Program  
PO Box 1049  
Columbus, OH 43616-1049
