Re: Henry County
Hamler Reservoir
Construction
Storm Water

August 2, 2010

Mr. Larry Dirr
Village of Hamler
PO Box 435
Hamler, OH 43524

Dear Mr. Dirr:

On June 28, 2010, Sarah Clement and I inspected the Hamler Reservoir at the SE corner of SR 18 & 109, Hamler, in Henry County. The purpose of our visit was to evaluate compliance of the site with your National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge associated with construction activity, Facility ID No. 2GC02348*AG. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. The Ohio EPA has no record of other permittees at this site.

As a result of this inspection, you may be eligible to terminate your NPDES permit for this site. It appears that construction activities at the site are completed. Accordingly, a Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with this general permit. A NOT may be filed if one or more of the following conditions have been met:

- < Final stabilization has been achieved on all portions of the site for which the permittee is responsible. Final stabilization means that either:
1. All soil disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed, properly disposed of, and all trapped sediment is permanently stabilized.
 2. For construction projects on land used for agricultural purposes, final stabilization may be accomplished by returning the disturbed land to its pre-construction agricultural use. If not returned to its pre-construction agricultural use, the land must meet the final stabilization criteria in (1) above.
 3. Another operator(s) has assumed control over all areas of the site that have not been fully stabilized.

Mr. Larry Dirr

Page Two

It appears that you are eligible to file a NOT from which can be found on our website:
<http://epa.ohio.gov/dsw/storm/stormform.aspx>. NOTs must be submitted to Ohio EPA's Central
Office within 45 days of when the above criteria are met.

If there are any questions, please contact me at (419) 373-3036.

Sincerely,

Judson M. Delancey IV
Division of Surface Water
Storm Water Program
