Re: Henry County
Napoleon Rite Aid Store
Stormwater

July 30, 2009

Mr. Chad Williams
Nom Bryan LLC
3841 Green Hills Village Dr Suite 400
Nashville, Tennessee 37215

Dear Mr. Williams:

On July 21, 2009, an inspection was made of the proposed Napoleon Rite Aid store construction site located at the SW corner of Lagrange Street and Scott Street, Napoleon, Ohio. Construction activity at this site is covered under Ohio EPA Permit No 2GC02238*AG which is the authorization for storm water discharges associated with construction activity under the National Pollutant Discharge Elimination System (NPDES) permit.

At the time of the inspection, construction had not yet begun. If you no longer propose to construct a store at this site, you may wish to submit a notice of termination (NOT) to end permit coverage. An application for an NOT along with application instructions may be found on our website at: <http://www.epa.state.oh.us/dsw/storm/stormform.html>
Until an NOT is submitted, all of the terms and conditions of the NPDES permit will continue.

If the proposal to construct a store at this site is still active, please make sure that the storm water pollution prevention plan (SWP3), which was to be written for this site, is followed including, but not limited to, required inspections, maintaining inspection logs, stabilization of the site, and post construction controls. Be aware that the installation of any post-construction controls that are not listed in the NPDES permit must be reviewed and accepted by Ohio EPA before installation.

If you have any questions, please feel free to contact me at (419)373-3016.

Sincerely,

Patricia A. Tebbe, P.E.
