Monroeville, Ohio 44847

Dear Mr. Schafer:

On August 11, 2010, Judson M. Delancey IV inspected the Eagle View Manor Subdivision on North Street in Monroeville. The purpose of the visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID No. 2GC02147\*AG. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees at this site.

At the time of the inspection, the site was idle. The road and utilities had been installed. No houses were being constructed. The entire subdivision had been seeded. The site appeared to be in compliance.

If there are any questions, please contact me at (419) 373-3009.

Sincerely,

Lynette Hablitzel, P. E.
