RE: CUYAHOGA COUNTY
CITY OF PARMA HEIGHTS
MUNICIPAL STORM WATER
ILLICIT DISCHARGE ON SHERBORN RD

Mr. Richard Wososky, Engineer
City of Parma Heights
6281 Pearl Road
Parma Heights, OH 44130

Dear Mr. Wososky:

On December 1, 2010, Ohio EPA received notice from the Northeast Ohio Regional Sewer District (NEORS) that it appears there is an illicit discharge of sanitary sewage from the City of Parma Heights municipal separate storm sewer system (MS4). The illicit discharge was observed at Outfall BGMB0600 but traced to the area along Sherborn Road between Glendora Lane and Appleton Drive (see enclosure). Our records indicate that discharges from the City of Parma Heights MS4 are regulated under the Ohio EPA General Storm Water National Pollutant Discharge Elimination System (NPDES) Permit for Small MS4s #3GQ00125*BG.

Per the obligations in Part III.B.3.a of the NPDES permit, please conduct an illicit discharge investigation to identify the source(s) of this illicit discharge and submit your plan for their elimination. Your plan should indicate the actions that are being taken or will be taken and provide timeframes for the completion of each action. Please complete your illicit discharge investigation and submit your plan for elimination **no later than January 7, 2011**.

Once you have confirmed that the illicit discharges to the MS4 have been eliminated, please provide notice to Ohio EPA that this matter has been resolved.

If you have any questions, please contact me at (330) 963-1145.

Sincerely,

Dan Bogoevski
District Engineer
Division of Surface Water
