RE: LORAIN COUNTY
COLUMBIA TOWNSHIP
MUNICIPAL STORM WATER PROGRAM

NOTICE OF VIOLATION

CERTIFIED MAIL

Dale F. Rundle, Trustee
Columbia Township
P.O. Box 819

Columbia Station, OH 44028

Dear Mr. Rundle:

Ohio EPA is reviewing your compliance status with the General Storm Water National Pollutant Discharge Elimination System (NPDES) Permit for Small Municipal Separate Storm Sewer Systems (MS4s) #3GQ00107*BG. Our records indicate that there are some administrative issues that still need to be addressed. In particular, Part III.C of the NPDES permit allows Columbia Township to enter into agreements with other entities to implement requirements of the NPDES permit, however the Township must maintain a written agreement with the party(ies) that are implementing control measures on your behalf. Ohio EPA would like to clarify the status of the following:

- **Construction and Post-Construction Rules.** Lorain County enacted construction site rules on June 29, 2008, and post-construction storm water management rules on November 19, 2009. Nancy Funni at the Lorain Soil and Water Conservation District (SWCD), co-administrator for the County rules, indicates that an MOU between the County and Township was enacted for these measures, but it was terminated by the SWCD Board on April 23, 2010. Thus, Columbia Township does not have a current MOU with another entity to implement this program within its jurisdiction. Until the MOU is re-executed with Lorain SWCD or other appropriate entity, or the Township establishes its own post-construction program, Columbia Township appears to be in violation of the NPDES permit. Please review the status of your MOU with Lorain SWCD and provide me with your determination of how the Township wishes to implement its construction and post-construction program.
- **Deficiencies in SWMP Plan.** Our files in the NE District Office do not indicate that Grafton Township has ever responded to our Storm Water Management Plan (SWMP) review letter dated June 2, 2004 (enclosed). Please indicate how you have addressed the deficiencies noted in this letter. The SWMP must be revised accordingly. If you have previously responded to this matter to our Central Office, please send me a copy of your response.

Please provide me with a response letter clarifying the status of these compliance issues. Your response should be submitted **by January 14, 2011**.
