Greg Thomas
Tech II Towing & Repair
8003 Broadway Ave.
Cleveland, OH 44105

Dear Mr. Thomas:

On August 13, 2012, I met with you at Tech II Towing & Repair located at 8003 Broadway Avenue, Cleveland, Ohio. This was a follow up to my July 16, 2012 inspection. Below, I will outline the current status of the violations found during that inspection.

1. **OAC Rule 3745-279-22(B) - Condition of used oil storage units.**
Previously corrected.

2. **OAC Rule 3745-279-22(C) - Used oil labels.**
On August 13, 2012, I saw that this violation had been corrected.

3. **OAC Rule 3745-279-22(D) - Response to releases of used oil.**
On August 13, 2012, I saw that the used oil tote referred to in this violation had been brought inside. As we discussed on that day, a small amount of used oil contaminated material still needs to be scraped up from on top of the asphalt that the used oil tote had sat on. Once this has been done, please send me a letter documenting that.

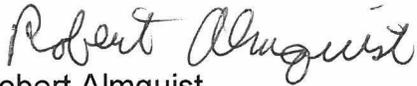

You need to immediately take the necessary measures to return to compliance with Ohio's environmental laws. Within 14 days of receipt of this letter, you are requested to provide documentation to me including the steps taken to abate the violation cited above. Such documentation may include written correspondence, updated policies, and photographs, as appropriate.

Please be advised that the violations cited above will continue until the violations have been properly abated. Failure to comply with Chapter 3734 (or 3714 for C&DD) of the Ohio Revised Code and rules promulgated thereunder may result in a civil penalty of up to \$10,000 per day for each violation. If circumstances delay the abatement of violations, you are requested to submit written correspondence of the steps that will be taken by date certain to attain compliance.
