Re: Marion County
Legacy Crossing
Construction
Storm Water

August 16, 2011

Mr. Kevin Hall
Max A Findlay Inc.
P.O. Box 389
Chagrin Falls, Ohio 44022

Dear Mr. Hall:

On June 15, 2011, Ohio EPA representative Judson Delancey inspected Legacy Crossing on McMahan Boulevard, Marion Township. The purpose of the visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID Nos. 2GC01543*AG and 2GC1056. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

At the time of inspection, there was no construction activity occurring. The roads and utilities were installed and some of the lots are developed. The remaining undeveloped lots (greater than one acre) appeared to be covered with grass. There was a retention pond at the northwest section of the site.

At this time, your site appears to be in compliance. If there are any questions, please contact me at (419) 373-3009.

Sincerely,

Lynette Hablitzel, P.E.
