Re: Ottawa County  
Bataan Elementary School  
Storm Water Construction  
Permit No. 2GC02792\*AG

June 14, 2011

Mr. Terry Clark  
Port Clinton City Schools  
431 Portage Drive  
Port Clinton, Ohio 43452

Dear Mr. Clark:

On June 2, 2011, I was in the area of the Bataan Elementary School and observed the construction site for Bataan Elementary School located at 525 West Sixth Street in the City of Port Clinton, Ottawa County. The purpose of this visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System permit for storm water discharges associated with construction activity also known as the Construction General Permit (CGP). Observations made are under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

Because it was school dismissal time, and because of the traffic constraints that the dismissal caused, I did not go onsite. No Storm Water Pollution Prevention Plan (SWP3) or inspection logs were reviewed. M Campbell Contracting is a co-permittee on this permit.

At the time of the inspection, clearing and grading had begun and storm tile were being installed. There was silt fence erected on the perimeter of the site.

If you have any questions, you may contact me at (419) 373-3016 or by e-mail at [patricia.tebbe@epa.state.oh.us](mailto:patricia.tebbe@epa.state.oh.us).

Sincerely,

Patricia A. Tebbe, P.E.  
Division of Surface Water
