Re: Paulding County  
Bittersweet Subdivision Phase II  
Construction  
Storm Water

July 16, 2009

Ms. Phyllis Crossland  
183 Bittersweet Drive  
Paulding, Ohio 45879

Dear Ms. Crossland:

On July 13, 2009, I inspected the Bittersweet Subdivision Phase II at 183 Bittersweet Drive, in Paulding. The purpose of my visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity (Construction General Permit), Facility ID No. 2GC01441. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees for this site.

As a result of the inspection, I have the following comment:

- At the time of inspection, the roads, curbs, water lines, and storm sewers were all installed. There was currently no construction. All vacant lots were stabilized.

At this time the site appears to be in compliance with the permit. If there are any questions, please contact me at (419) 373-3006.

Sincerely,

Danielle Meienburg  
Division of Surface Water  
Storm Water Program
