Dear Mr. Gerdeman:

On July 13, 2009, I inspected the Colony Subdivision Phase I on State Route 49 and South Kroos Drive, in Antwerp. The purpose of my visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity (Construction General Permit), Facility ID No. 2GC01351. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees for this site.

As a result of the inspection, I have the following comment:

- At the time of inspection, no on-going construction was evident. All vacant lots were stabilized.

At this time the site appears to be in compliance with the permit. If there are any questions, please contact me at (419) 373-3006.

Sincerely,

Danielle Meienburg
