Mr. Gregg Elchert
Clyde-Green Springs Exempted School District
106 South Main Street
Clyde, Ohio 43410

Dear Mr. Elchert:

On January 26, 2009, the South Main Elementary School received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP). This CGP is still active and you are named as the contact on the application.

On April 6, 2011, I performed an inspection of this site, located at 821 South Main Street, in the City of Clyde, Sandusky County. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that you are eligible to terminate this NPDES permit.

Construction activities have been completed with final stabilization achieved on all portions of this site. The CGP requires that a Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with the terms and conditions of this general permit including regular inspections of the site. I am enclosing an NOT form and instructions for your convenience.

Please submit this form to:
