Dear Mr. McNally:

On August 11, 2010, Judson Delancey inspected the Proposed Outlot Development on West Market Street in Hopewell Township. The purpose of the visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID No. 2GC02176\*Ag. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees at this site.

At the time of the inspection, the site was idle. The entire uplot was seeded and stabilized. At this time, the site appears to be in compliance.

If there are any questions, please contact me at (419) 373-3009.

Sincerely,

Lynette Hablitzel, PE  
Division of Surface Water  
Storm Water Program
