Mr. Jay Fleming
City of Van Wert
515 East Main Street
Van Wert, Ohio 45891

Dear Mr. Fleming:

On April 13, 2006, the City of Van Wert received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP) for the SR 118 Turn Lanes.

On July 29, 2010, I performed an inspection of this site, located just south of the intersection of SR 118 and Fox Road in front of the new high school, in the City of Van Wert. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that your site is eligible to terminate your NPDES permit.

Construction activities have been completed with final stabilization achieved on all portions of this site. Accordingly, a Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with this general permit. I am enclosing an NOT form and instructions for your convenience.

If you have any questions, please contact me at (419) 373-3016 or by e-mail at patricia.tebbe@epa.state.oh.us

Sincerely,

Patricia A. Tebbe, P.E.
